⁵ This text comes from a summary of argument of counsel, quoting only a part of the act incorporating the city, and the text preceding "such other" does not provide examples of officers who would be appointed by the common council. The subsequent decision of the court provides the missing "a": "officers necessary for the conducting and management of the corporation and the internal police of the city; and salary officers who shall receive a compensation stipulated by the common council for their services"

This Procla mation was defended in their Parliament as meaning no more than that in future the War was to be carried on agt. America as agt. other Nations. It becomes therefore a common Cause of all Nations to punish a People who so daringly violate the Rights of Humanity and it is particularly incumbent upon the united States as well to check their present Barbarities as to conform to the Manifesto published in answer to the Proclamation abovementioned and to deter all others by striking Examples from a Breach of those laws which are held sacred among civilized Nations.
